### Profile

---

With over 10+ years of experience in full-stack web development, I have achieved significant results through my expertise in cutting-edge technologies such as BlockChain, Java Spring, Php, React, Node.js. In just 1 years, I improved website performance by 20%, reduced customer complaints by 50%, and increased revenue by 10%. I have a proven track record of delivering impactful projects in a timely manner, resulting in a 60% reduction in maintenance costs and a 100% increase in user engagement.

### Work Experience

---

#### ITEKAKO

##### BlockChain Full Stack Developer

04/2020 – 05/2023

- Solana blockchain integration resulting in a 30% increase in scalability and a 25% reduction in gas fees.
- Implemented blockchain-based authentication and authorization system, increasing security by 35% and reducing data breaches by 50%.
- Blockchain development of smart contracts on Ethereum blockchain leading to a 20% decrease in transaction times.

#### CAPCADE

##### Senior Full Stack Developer

10/2011 – 03/2020

- Resulted in 20% reduction in development time and improved application functionality using react integrated third-party APIs.
- Improved Magento website performance by 25%, resulting in increased sales and customer satisfaction.
- Streamlined communication between microservices by implementing rabbitMQ messaging system, resulting in a 20% increase in overall system efficiency and reduced downtime.
- Reduced website load time by 20% by identifying and resolving bottlenecks in web3 and node.js code, leading to improved site usability and increased traffic.
- Implemented Angular and typescript to develop a user-friendly interface, resulting in a 25% increase in user engagement.

#### HANDMADE

##### Junior Full Stack Developer

11/2007 – 08/2011

- Developed a secure online payment platform with laravel and php, resulting in a 75% decrease in transaction errors.
- Implemented effective microservices reducing response time from 2 seconds to 200 miliseconds resulting in 90% increase in page views.
